How you get paid

What you earn on every sale, when it reaches your bank, and the bits we handle so you don't have to. No invoices, no chasing, and no stock money sitting with you.

AT A GLANCE

WHAT YOU SELL	FRANCHISE	PART TIME
Sessions and home visits	**40%**	**30%**
Kits ordered through your link	**20%**	**20%**
Memorial keepsakes	**30%**	**20%**
A typical session, about 4 hours all in	**£100** (£25 an hour)	**£75** (£19 an hour)
Paid	Monthly, within 14 days of month end	

WHERE IT COMES FROM

Three ways to earn

40%

In person, at sessions and home visits

The heart of it. You take the payment on your card reader, then the prints, and you earn on everything the family pays. Part-time Memory Catchers earn 30%.

20%

Kits ordered through your link

Every Memory Catcher has her own link and QR code. When a family orders a print kit online through it, later or for a friend, you earn 20% of the kit.

30%

Memorial keepsakes

A loved one's handprint, ordered through a funeral home you look after. The funeral home's own team takes the print; your part is the relationship. You earn 30% of the package the family chose (20% part time).

A TYPICAL SESSION

£100

for a franchisee, on £250 taken. About 4 hours with travel and setting up, so roughly **£25 an hour**. Our founding Memory Catcher averages about £267 a session.

PART TIME

£75

on the same £250 session, at 30%. The same 4 hours, so roughly **£19 an hour**. Two sessions a week is about 8 hours.

Worked out on what the family paid. Commission is calculated on the amount the customer pays, so a family who chooses a frame and an extra print earns you more than one who chooses a single print.

WHEN THE MONEY ARRIVES

From the tap of a card to your bank

1. ## Payment first, then the prints

   The family chooses, you take their details on the Hub's till and they tap their card on your reader. The money comes to us, so you never handle cash or stock money.

2. ## You see it straight away

   The till shows what you earned on that sale, and your Earnings page keeps a running total for the month, sale by sale.

3. ## We make it and send it

   The family uploads their prints, approves a proof, and our studio foils and posts the keepsake. Customer messages and delivery are ours to look after.

4. ## Month end: we work out what you're owed

   Head office adds up your commission and sends you a statement. This is called self-billing: you never write an invoice or chase a payment.

5. ## Paid within 14 days

   Straight into the bank account you've given us. Changes to your bank details are checked with a phone call first, to keep your money safe.

Memorial is paid a little later. The funeral home pays its invoice on 30-day terms, and your commission is paid on the statement after that invoice is settled.

GOOD TO KNOW

Your questions

Do I need to send you an invoice?

No. We work out your commission and send you the statement. All you do is check it.

Is tax taken off?

No. You're self-employed, so commission is paid in full and you pay your own tax and National Insurance through Self Assessment. Put a little aside each month. HMRC's website explains registering as self-employed.

What do I pay for?

Print kits for your sessions, at the £3 trade price, plus your own running costs like fuel, phone and insurance. Making, foiling and posting every keepsake is ours.

What about the start-up cost?

Finance options are available to cover your start-up cost on both routes. Get in touch to find out more.
