Why families ask for this

The shape of a hand they held

A handprint keeps the lines, the creases and the way the fingers sat. Offered gently while arrangements are made, it is simply a choice, and families can say no. Making foil keepsakes since 2017.

The framed foil print

The handprint and thumbprint, reproduced exactly life size in real foil with Foil Fusion Technology™, framed and ready to give to the family.

Engraved keyrings

Engraved with the handprint or the thumbprint, the family's choice, in black or silver, with a name and one date.

Always exactly life size

Our studio tidies any smudges, keeps every line and crease, and never resizes a print.

How it works

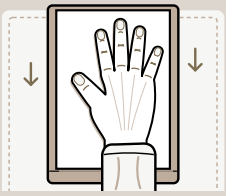

Your part is small. We take care of everything else.

You

About five minutes

1 Fill in the order form with the family when you're making arrangements.

2 Take the handprint and thumbprint on one sheet. The leaflet in your kit shows how.

3 Photograph the sheet and send it, with the form, to your Memory Catcher™.

We

Everything else

1 Check the print as soon as it arrives.

2 Tidy any smudges, keeping every line and crease.

3 Send a black and white proof to your Memory Catcher to pass on, or skip it if the family ticks "no proof needed".

4 Foil the print exactly life size.

5 Frame it and engrave the keyrings.

6 Deliver it to you, ready to give to the family with their original prints.

7 Send you one simple invoice.

8 Your Memory Catcher looks after you throughout.

The money, made simple

1 **The family pays you**, as part of their funeral account.

2 **You keep 10%** of the price the family paid.

3 **We invoice you for the rest**: one invoice per family, 30 days to pay.

Kits, order forms and leaflets are kept stocked by your Memory Catcher, at no cost to you.

Questions we're often asked

A print is faint? Use a spare sheet. Small smudges are fine: we tidy them.

A full handprint isn't possible? The thumbprint can be used instead.

Can it go to the family's home? Yes, tick it on the form.

No proof wanted? Tick "No proof needed".

Running low on kits? Your Memory Catcher keeps you stocked, at no cost to you.
