£18

About the keyrings

The handprint or the thumbprint, whichever you prefer, engraved with a name and one date.

What happens next

There's no rush. Take this home and talk it over with your family.

1 Choose your keepsakes

Talk it over at home, then tell your funeral director what you would like.

2 Prints taken for you

Your funeral director takes the handprint and thumbprint, gently and with care.

3 Approve your proof

We send a proof to approve before anything is made, or you can skip it.

4 We make your keepsakes

Made exactly life-size and framed, posted back to the funeral home.

5 Prints kept safely

Your original prints come back to you, and we keep a copy for years to come.
